## **C.C. Dickson Company Joins Thermostat Recycling Corporation's Program**

*The Southeast based company now has 116 locations throughout nine states participating to recycle mercury thermostats*

**Alexandria, Va. (June 12, 2013)**— C.C. Dickson Company has partnered with Thermostat Recycling Corporation (TRC) to enhance its recycling efforts and provide its customers additional means to recycle mercury thermostats. C.C. Dickson Company is the newest HVAC Wholesale Distributor to join TRC's program and currently operates in nine states throughout the Southeast, with a total of 116 branch locations.

"C.C. Dickson takes great pride in partnering with TRC and offering our customers an efficient alternative in the disposal of mercury switch thermostats. We're 80 years young this year and continue to work hard at being the easiest company to do business with," says Dick Dickson, Marketing.

C.C. Dickson has been serving customers, employees, and communities for over 80 years. It has grown to become one of the largest wholesale distributors of HVAC and refrigeration parts and equipment in the Southeast, and one of the most technologically advanced in the industry.

### **About Thermostat Recycling Corporation**

*The Thermostat Recycling Corporation, founded in 1998, is an industry-funded non-profit corporation supported by 31 manufacturers who historically branded and sold mercury thermostats in the United States. TRC maintains a network of more than 3,600 collection sites*

*nationwide and has recovered more than 1.4 million thermostats since its inception. TRC assumes all costs to transport and properly dispose of mercury switch thermostats recovered from service. Learn more about TRC by finding us on [Facebook](#), or following us on [Twitter](#).*
